About the Company

Redshield was established in 2018 in Qatar as a specialized company in infrastructure, construction, and landscape services. UAE branch launched on 2022, The company delivers comprehensive, high-quality solutions while leveraging the latest technological advancements to ensure complete client satisfaction.

Redshield's team includes a distinguished group of professional engineers with extensive experience, having previously worked on various projects in Qatar, UAE and Egypt. They have been officially certified and classified by the relevant authorities there — a testament to their high competency and ability to execute projects in line with the highest technical and engineering standards.

This depth of experience strengthens the company's credibility and enables it to provide professional, field-driven solutions rooted in practical expertise.

Our mission
Our vision
Our values

Our Vision

Our vision is to become a distinguished leader in Marine, Roads and Infrastructure industry, and leader in construction in the UAE and beyond, embodying precision, excellence, and distinction in all aspects of our operations. We aim to deliver major projects while upholding impeccable standards, unwavering quality, and uncompromising safety.

Our Mission

to contribute effectively to the infrastructure development of the United Arab Emirates while establishing ourselves as a leading construction company in the global market. We strive to be the preferred choice of customers by attaining excellence in quality, delivering projects of value, and ensuring timely completion. Our commitment to the highest level of service in the construction industry is complemented by our dedication to superior craftsmanship in every project we handle.

To fulfill our mission and achieve our vision, we continually innovate, develop, and adopt state-of-the-art technology, methods, and materials to enhance productivity and cost-effectiveness. We are committed to the continuous improvement of our team, employing diverse, innovative, and results-oriented professionals who are motivated to deliver excellence.

Why Choose Us?

Redshield is the ideal partner for clients seeking a distinguished experience in Marine, Roads , Infrastructure and construction industry. What sets us apart:

01 Why Choose Us?

We are proud of our exceptional team of professional engineers with extensive experience in construction and roadworks. Many of them have previously worked on major projects in Qatar,UAE AND Egypt and are officially certified and classified by the relevant authorities – a testament to their high level of expertise.

02 Commitment to Quality Standards

Our projects are executed in strict alignment with the highest international standards of quality and safety, while adhering to globally recognized technical and engineering specifications.

03 Competitive Pricing & Timely Delivery

We offer efficient and cost-effective construction and road services, with a strong commitment to meeting project timelines – ensuring optimal client satisfaction.

04 International Certifications & Classifications

We are proud to hold a range of internationally recognized professional certifications from the Project Management Institute (PMI),(IPSCMI)(FIDIC) including:

- **DBA**- Doctor of Business Administration.
- **MBA**- Master of Business Administration
- **PMP®**- Project Management Professional (from PMI).
- **CISCM**- Certified international supply chain manager
- **CCP™**- Certified Cost Professional in cost engineering and project controls.
- **PMO®** - Project Management Office certification.
- **PGMP®** - Program Management Professional.
- **FIDIC** - Certified by the International Federation of Consulting Engineers.

In addition, our engineers are officially accredited and classified by relevant authorities in Qatar and UAE as G1+,G12+,Marine,Road,RTA certified engineers for their proven ability to execute projects in compliance with the highest global standards.

REDSHIELD
CONTRACTING

Our Objectives

- Deliver Marine, Roads ,Infrastructure and construction services in line with the highest standards of quality and engineering excellence.
- Ensure complete client satisfaction by adhering to project timelines and budgets without compromising on quality.
- Leverage the latest technologies and innovations in roadworks and construction to enhance performance and results.
- Build long-term relationships with clients based on trust and professional integrity.
- Continuously develop our human capital to ensure projects are executed with maximum efficiency.

Our Core Values

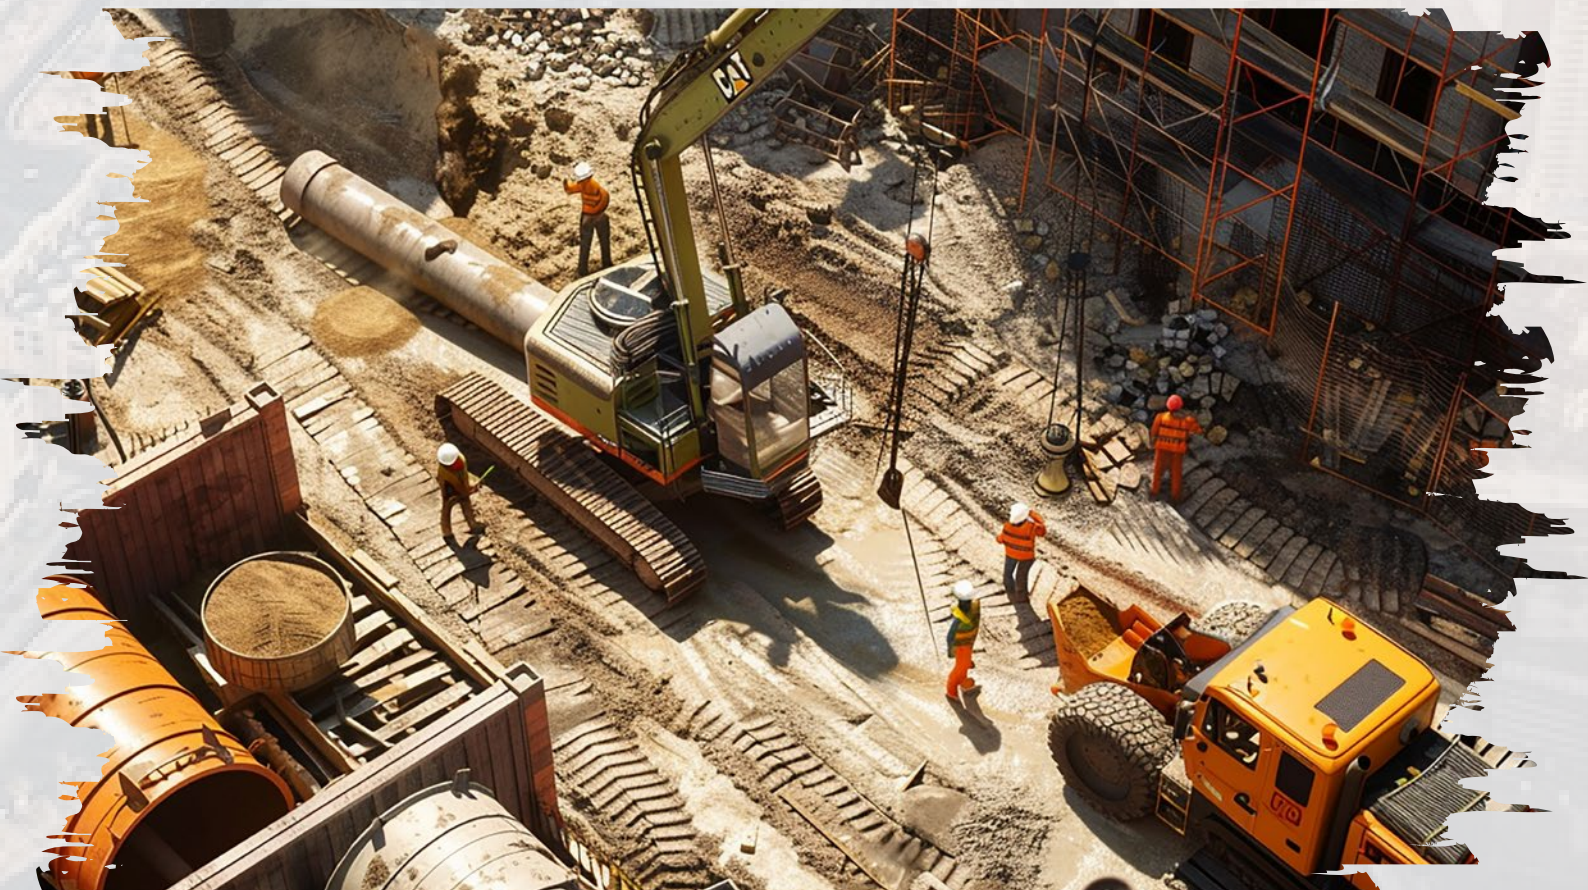

”

Redshield Contracting core values serve as the foundation for our actions, decisions, and relationships. They define who we are as a company and guide us in delivering exceptional construction services. **Our core values are:**

- 01 Excellence:** We deliver the highest standards of craftsmanship, quality, and attention to detail. Through continuous improvement, innovation, and best practices, we exceed client expectations.
- 02 Integrity:** We uphold integrity, honesty, and transparency in all interactions. Our ethical conduct builds trust and enduring relationships with clients, partners, and stakeholders, establishing us as a reliable and trustworthy construction company.
- 03 Safety:** We prioritize the safety of our workforce, clients, and the environment. With rigorous safety standards, training, hazard identification, and proactive risk management, we strive for zero accidents, ensuring the well-being of all.

- 04 Collaboration:** We foster a culture of teamwork and engage with clients, consultants, suppliers, and the community. By leveraging diverse perspectives, knowledge, and expertise, we achieve optimal outcomes. Open communication, mutual respect, and a shared commitment to project success drive our collaborative approach.
- 05 Customer Focus:** Clients are central to our operations. We listen attentively, understand their vision, and surpass their expectations. Through personalized, client-centric solutions, we cultivate long-term partnerships based on trust and mutual success.
- 06 Sustainability:** We embrace sustainable practices to minimize our environmental impact. We seek eco-friendly solutions, reduce waste, promote energy efficiency, and comply with regulations. Our goal is to contribute positively to the communities we serve, leaving a legacy of social and environmental responsibility.

”

At Redshield Contracting, our core values embody our commitment to excellence, integrity, collaboration, safety, customer focus, and sustainability. These values shape our culture, guide our actions, and propel us towards our vision of being a leader in the construction industry.

Company Health, Safety, and Environmental Policy:

At Redshield Contracting, we prioritize the health, safety, and welfare of our employees and all stakeholders. Our commitment to excellence is evident in our continuous improvement efforts in health, safety, and environmental performance. Through active engagement, we identify and mitigate hazards, ensuring a safe and sustainable work environment. Embracing modern concepts of environmental safety, we promote resource efficiency, waste reduction, pollution prevention, and biodiversity conservation. Responsibility and accountability drive our actions as we minimize our environmental impact and prioritize stakeholder well-being.

Our Quality Systems:

At Redshield Contracting, we are dedicated to delivering the highest quality product and exceeding our clients' goals and expectations on every project, regardless of size or complexity. The prevention of defects and poor installations relies on the strict application of our quality management procedures from pre-construction to project completion. **Our quality objectives are as follows:**

Our Quality Systems:

”

1

Utilize our management systems as tools to achieve best practices.

4

Implement efficient supplier management processes to ensure safe and reliable services that meet our requirements.

2

Establish effective communication processes.

5

Ensure all employees are competent to fulfill their duties.

3

Continuously improve the quality and consistency of the services we provide.

6

Regularly assess the needs and expectations of our clients and initiate continuous improvement activities to meet their expectations.

7

Maintain a system to identify quality issues and implement corrective and preventive actions.

At Redshield Contracting, our commitment to quality is unwavering, and we continually strive to enhance our processes and deliver excellence in all aspects of our work.

QUALITY  **SAFETY**

What we do

At Redshield Contracting, we possess the confidence and expertise to undertake a wide range of projects. Drawing upon our experience and knowledge, we continuously innovate through value engineering design, staying one step ahead of our competitors and ensuring our competitiveness in bid opportunities.

Our areas of capability and expertise include, but are not limited to the following fields:

1 Earthworks

We deliver professional earthwork services, a critical phase in any construction project. This includes land leveling, soil removal, excavation to specified depths, and backfilling according to technical standards

2 Road Works

Road construction plays a vital role in infrastructure development. Our services cover excavation, grading, sub-base preparation, and paving. We utilize the latest machinery and technologies while adhering to the highest standards of quality and safety.

3 Infrastructure Services

We execute infrastructure projects to the highest engineering standards. This includes road networks, bridges, sidewalks, street lighting, electrical and telecom networks, landscaping, parking areas, public utilities and sheet piling

4 Underground Utilities

This covers underground infrastructure works such as storm water and sewerage, drainage and potable water networks LV and Etisalat network...etc

5 Structural Works

We offer integrated solutions in structural construction, including the building of facilities, casting of foundations, columns, slabs, and walls—ensuring strength and safety by strictly following engineering specifications.

6 Finishing Works

We offer complete interior and exterior finishing services, which include:

- Interior finishes: walls, ceilings, flooring, and windows.
- Exterior finishes: landscaping and façades.
- Plumbing and electrical work.

7 Marine Works

Our marine services cover engineering projects in coastal and offshore environments, such as the construction of ports, breakwaters, dredging operations, and marine piling. We execute these works in full compliance with international safety and quality standards.

8 Project Management

We deliver comprehensive and professional project management services, ensuring full adherence to quality, engineering, and technical standards throughout all phases.

Projects

01

PROJECT NAME : SCHOOL RD-106
CLIENT : ALDAR PROPERTIES
MAIN CONTRACTOR : CGC HOUSE
LOCATION : AL-RIYADH CITY, ABU DHABI, UAE
BUDGET : 4,300,000

SCOPE DESCRIPTION

Excavation and Backfilling, Storm Water Network, Sewerage Network, telecom and electricity network, Landscape and underground utilities

Projects

02

PROJECT NAME : YAS ISLAND DEVELOPMENT PHASE 2

CLIENT : ALDAR PROPERTIES

MAIN CONTRACTOR : MS. TROJAN

LOCATION : ABU DHABI, UAE

BUDGET : 6,200,000

SCOPE DESCRIPTION

Excavation and Backfilling, Storm Water Network, Oil Network, Cable and Chemical trenches , GRP pipe excavation and backfilling

Projects

03

PROJECT NAME : DEVELOPMENT OF BANIYAS NORTH PHASE 3

CLIENT : ALDAR PROPERTIES

MAIN CONTRACTOR : MS. CHINA STATE

LOCATION : ABU DHABI

BUDGET : 7,259,000

SCOPE DESCRIPTION

Trenches Excavation and backfilling , Pipe laying , Dewatering work , Storm and Sewerage network, Shoring sheet pile

Projects

04

PROJECT NAME : CITY LAND MALL

CLIENT : City Land

MAIN CONTRACTOR : MS. CATIC / SUB-CONTRACTOR MS. GGC

LOCATION : DUBAI, UAE

BUDGET : 3,500,000

SCOPE DESCRIPTION

Excavation, Backfilling, Trench Excavation , Road Works ,STORM AND SEWERAGE Manholes

Projects

05

PROJECT NAME : DEVELOPMENT OF UMM ELQUEIN WATER PLANT 150 MGD

CLIENT : NAQAA

MAIN CONTRACTOR : CHINA ENERGY CCGC

LOCATION : UMM ALQUEIN

BUDGET : 8,850,000

SCOPE DESCRIPTION

EXCAVATION AND BACKFILLING, GRAVEL BEDDING, STORM WATER AND SEWERAGE NETWORK, ETISALAT NETWORK, STREET LIGHTING , SHORING, EARTH WORK , UNDERGROUND CULVERT,DEWATERING,CHEMICAL TRENCHES

Shatebah Trading & Contracting Co.

Date: July 29, 2023

Subject: Letter of Appreciation and Experience Certificate

Shatebah Trading & Contracting Co. would like to extend its **sincere thanks and appreciation** to **Red Shield Contracting** for their **outstanding performance** and **high level of professionalism** during our collaboration on various projects across the State of Qatar.

Red Shield has successfully executed a diverse range of projects with us, including:

- **Construction of several residential villas** within a compound in the **Al Aziziyah** area, where the company undertook the **complete infrastructure works**, including **road construction, underground utilities, water and electrical networks, and full asphalt works**. The execution was marked by **precision, high quality, and strict adherence to timelines**.
- Execution of a number of residential villas, including a **private palace in Al Kheesa**, as well as projects in **Lusail and Al Wakrah**, demonstrating **accuracy and quality in execution**, with **full compliance to technical specifications and schedules**.
- Red Shield also participated in the **"Interim Upgrade of C-Ring Road Roundabouts and Signals"** project, which included the implementation of the **Intelligent Transport System (ITS) network, street lighting, and soft landscaping works**. The company demonstrated **excellent coordination skills and adherence to quality and safety standards** throughout the project.

Red Shield has proven its strong capabilities in delivering both **building construction and infrastructure projects**, showcasing **extensive experience in road works and underground utilities**, including **water and electrical networks**. Their work reflects a **high degree of professionalism and engineering excellence**.

Throughout our collaboration, we observed the following strengths in Red Shield:

- **Clear commitment to quality and safety standards**
- **Excellent organization and efficient resource management on site**
- **Flexibility in coordination and prompt responsiveness to project needs**
- **On-time delivery of projects without compromising quality**

Accordingly, we confidently **recommend Red Shield Contracting** as a **reliable partner** in both building and infrastructure works, and we affirm their **solid experience and exceptional performance**.

With best wishes for continued success and excellence.

Sincerely,

Chief Executive Officer

Shatebah Trading & Contracting Co.
